ENVIRONMENTAL PROTECTION AGENCY

| 1987 Budget Appendix Page | Heading | 1987 Request Pending | 1987 Proposed Amendment | 1987 Revised Request |
|---|---|---|---|---|
| I-T5 | Construction grants | --- | language reappropriating $5,000,000 | $5,000,000 |

(Insert the following language immediately under the above heading:)

Funds appropriated under this heading in Public Law 98-396 shall be made available until September 30, 1987.

This proposal would extend the availability of funds appropriated in fiscal year 1984 to treat sewage flowing from Tijuna, Mexico into the United States. This extension is necessary so that conditions set forth in Public Law 98-396 for the treatment of this sewage can be met and to provide time to design the treatment system. This proposal would shift $5.0 million in outlays from fiscal year 1986 to fiscal year 1987.

|---|---|---|---|---|

This proposal would provide funds to implement the system of user fees that are required by the Consolidated Omnibus Budget Reconciliation Act of 1985 (Public Law 99-272). This increase would be more than offset by collections from applicants and licensees of $15 million in fiscal year 1987 and $30 million per year beginning in fiscal year 1988. This proposal would increase fiscal year 1987 outlays by $879 thousand. The fees collected would go into the General fund of the Treasury.
